SUBJECT: Approved Regulation Changes Regarding Authorizations in Theater and Dance

Summary:

The purpose of this Credential Information Alert (CIA) is to alert the field to approved changes to authorizations in Theater and Dance and provide guidance regarding the related credentialing changes. These changes include the addition of full Single Subject Theater and Dance Credentials and authorizations, and guidance on new English and Physical Education authorizations, and changes to Supplementary and Subject Matter Authorizations.

Key Provisions:**Theater and Dance Teachers**

The changes to Title 5 California Code of Regulations (CCR) §80005(a) add the subjects of Theater and Dance to align with the existing list of statutorily authorized Single Subject areas provided in Education Code §44257, and identify specific subjects subsumed by these new subject areas. The specific subjects are as follows:

- Dance: composition and production, folk/traditional, hip hop, ballet, modern, jazz, and world.
- Theater: acting, directing, performance and production, improvisation, musical theater, playwriting, stagecraft, make-up and costume design.

English Teachers and Physical Education (PE) Teachers Credentialed Prior to 1/1/2022

The changes to Title 5 CCR §80004 make it clear that English and Physical Education (PE) credentials issued prior to January 1, 2022 authorize the holder to teach drama and theater arts,

and dance, respectively. These credential holders will see no change to the scope of their existing authorization once the new credentials take effect.

English and Physical Education Teachers Credentialed After 1/1/2022

English and PE credentials issued after January 1, 2022 will no longer authorize credential holders to teach theater and dance as stand-alone subjects. Their credentials will only authorize instruction in theater or dance within the context of an English or PE class, as defined in the English and PE content standards.

Supplementary and Subject Matter Authorizations

The changes to Title 5 CCR §§80057.5, 80089.2, and 80089.3 add Theater and Dance to the existing lists of supplementary authorizations for Single and Multiple Subject Teaching Credentials, Standard Elementary Teaching Credentials, introductory supplementary authorizations, and introductory subject matter authorizations. The changes also make it explicit that holders of English and PE supplementary authorizations issued prior to January 1, 2022 remain authorized to teach theater arts and dance, respectively.

Commission-approved Programs

As of the date of this CIA, California State University, East Bay has received Commission approval to offer the Theater and Dance authorizations. This includes for individuals wishing to enter and complete a teacher preparation program as well as individuals seeking a methods course to add the new authorizations to an existing credential. Please see the References section below for additional guidance on adding authorizations.

Credentialing Scenarios:

Candidates Currently in a Preparation Program (Intern or Traditional)

Any candidate finishing a Commission-approved preparation program between 1/1/2021 and 1/1/2022 would be eligible to receive the new authorizations in Theater and Dance provided they meet all requirements, including subject matter competence. Candidates could still receive the authorizations in English or Physical Education that authorizes theater and dance, respectively. An intern completer who is issued their Preliminary credential after 1/1/2022 will receive the updated authorizations in English and PE. While some candidates will have been prepared under the older regulations the issuance date is the deciding factor when determining which authorization is issued.

Provisional Internship Permit (PIP) and Short-Term Staff Permit (STSP) Holders

A PIP or STSP issued after 1/1/2021 may request the new Theater or Dance authorizations if the applicant meets the subject matter requirement. A candidate who currently holds a PIP or STSP in English or PE and wishes to change their authorization to Theater or Dance may do so, but must submit a new application and fee, and must also meet all requirements including subject matter competence. A permit issued after 1/1/2022 will receive the new English or PE authorizations with the modified scope.

Transcript Evaluation

Care should be taken when evaluating transcripts to qualify an individual for a credential or permit. Courses that were previously accepted towards a subject area may no longer qualify. For example, prior to 1/1/2022, courses in theater could be counted towards a supplementary or subject matter authorization in English but after that date this is no longer the case. This only applies to subjects affected by these regulatory updates, English, Physical Education, and their subsumed subjects.
